

All aBOARD

Congratulations to the Active members selected to participate in the 2018-2019 *All aBoard* class!

Over the next year, these women will participate in the Junior League of Fort Worth's exciting leadership development program designed to prepare and train our members to serve at a higher level within our organization and our community.

Cohort members will have the opportunity to learn from community leaders, industry experts, higher-education professionals and others on topics ranging from governance, advocacy and finance for non-profits to goal setting, public speaking and general leadership skills.

Participation in the *All aBoard* program goes above and beyond what is required of our members each year, and, upon completion, we know each of these women will go on to make meaningful contributions in the League and in our community.

Thank you to all of the women who applied to be a part of the 2018-2019 *All aBoard* class!
